# CONSIDERATIONS

## **INTERNATIONAL GUESTS:**

- Some guests may require visas for U.S. entry and your wedding invitations may be the only proof of their intent to visit.
- Keep in mind visa processing times for international guests, plan as early as possible to send invitations to minimize delays

## **DOMESTIC GUESTS**

- Remember that the U.S. Postal service doesn't deliver mail on federal holidays, so you will want to exclude any holidays from the amount of time you have to send out invitations and save the dates.
